

In order to meet the standards of conduct as established by both Granite Falls Little League (herein after "the League") and those of Little League Baseball and Softball, the League has adopted the following rules and guidelines applicable to all managers, coaches and on field volunteers. By signing below, each volunteer agrees to the following:

1. To abide by the Little League Baseball Official Regulations and Playing Rules, and the League's own local rules including rules applicable to the use of the batting cages (Batting Cage rules are hereby incorporated as PAGE TWO OF THIS AGREEMENT-see back of document). Managers and coaches are responsible to familiarize themselves, and all other approved adult volunteers associated with their team, with these rules and follow them. This includes the Little League Rule Book Code of Conduct.
2. Ensure that a Medical Release form for each player is physically present at each practice or game.
3. The League will conduct a criminal background check and sexual registry search on all managers, coaches and any adult volunteering who may come in contact with minor children. Prospective managers and coaches agree they shall complete in full the required volunteer application and further agree to sign such other releases as may be requested by the League to obtain background information the League, in its discretion, deems necessary to determine the fitness or qualifications of said volunteers. The League agrees not use this information for any other purpose, and will maintain the confidentiality of all information collected. **Managers are responsible for enforcing the proper wearing of the league issued photo ID badge for each of their team volunteers at all practices and games.**
4. To participate in and promote League events, including, but not limited to, fundraising activities, jamborees, picture days, and field work parties to prepare the fields for play.
5. To participate in and attend League sponsored training sessions and meetings for managers, coaches and players
6. To refrain from use of tobacco products or alcoholic beverages at practices or games, to never attend team events of any kind under the influence of alcohol or drugs, to avoid use of profane or obscene language or physical gestures, and to ensure all conduct is in accordance with law.
7. To encourage fair play and sportsmanship by all team members and their parents, and to encourage respect by team members and their parents for the opposing team and the umpires.
8. To report to the League on accident report forms available through the League all injuries which require medical attention or administration of first aid (no matter how slight). Prompt reporting of all injuries is essential to maintaining insurance coverage, and failure to timely report can jeopardize insurance coverage.
9. To be responsible for the safeguarding and proper use of all League supplied equipment, facilities and uniforms, and at the end of the season at such time designated by the League to turn in to the League equipment manager all equipment issued, in the condition issued less ordinary wear and tear.
10. To be responsible for the safeguarding and proper use the name and official logo of Granite Falls Little League. This includes obtaining the written consent of the Board of Directors of the League, or its designee, for the use of the Granite Falls Little League name or logo on any part of the uniform, or any tangible or intangible item.

The undersigned hereby agrees to comply with the above rules and expectations of conduct. The undersigned further acknowledges that the League has the sole discretion to suspend, discharge or impose conditions on the continued service of any manager, coach or adult volunteer at any time and for any reason when the League deems that a manager, coach or adult volunteer has violated this agreement or has engaged in conduct deemed detrimental to the Rules, Regulations and Principles of Little League Baseball & Softball, Granite Falls Little League, or the health or welfare of the youth participating in the program.
